

**EVEN WITH THE ADVANCEMENT OF TECHNOLOGY AND
OPHISTICATION OF MEDICAL PROCEDURES, PEOPLE
STILL REMAIN UNAWARE OF THE IMPORTANCE OF ORAL
HEALTH AND DENTAL HYGIENE.**

DID YOU KNOW

- **One in four Americans has untreated dental problems and tooth decay.**
- **26% of the adult population of the United States ignore dental health**
- **Almost 90% of school kids have a dental cavity**
- **20% of middle-aged adults suffer teeth loss due to periodontal (gum) disease**
- **30% of the global population, above 65 years have no natural teeth**
